# ELAN Network: European and Latin American Technology Based Business Network

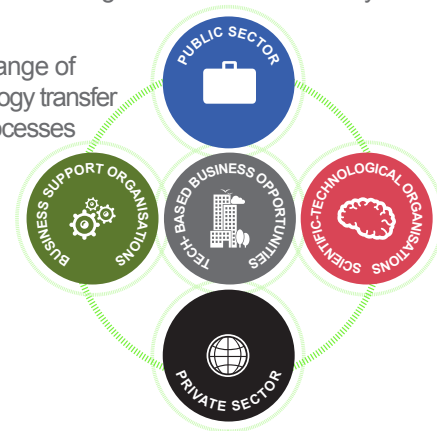

The ELAN Network is a space for collaboration, co-generation and development of technology based business opportunities between Europe and Latin America. A network of proactive and participative organisations whose mission is aligned with ours:

- Business support organisations: chambers of commerce, clusters, incubators & other entrepreneur support organisations, etc.
- Knowledge and technology based organisations: universities, technology and innovation centres, etc.
- Public sector actors: internationalisation and/or innovation promotion agencies, regional development agencies, etc.

ELAN Network **focuses** on the following sectors: Renewable Energies, Biotechnology & Bioeconomy, Environmental Technologies, Health, Information and Communication Technologies (ICT), Nanotechnologies, New Materials.

The **objective** of ELAN Network is to:

- Promote the generation of **technology based business opportunities** between European and Latin American and Caribbean SMEs.
- **Accompany innovative SMEs** in their efforts to transfer technology to new geographical markets.
- Create **multiplier alliances** between agents of the ecosystem, in order to strengthen their ties and ability to support SMEs.
- Promote the exchange of knowledge, technology transfer and co-creation processes to foster the **competitiveness of SMEs** and an equitable and sustainable socio-economic development.

## ELAN Network: Activities focused on SMEs

- **Generation and development of tech-based business opportunities.**
- **Creation of networking opportunities between companies in Latin America and Europe, as well as with other actors** (public and private investors; technology centres capable of developing technological solutions for business; entrepreneurship experts and business accelerators; and other support agents).
- **Support in the identification of partners, technologies and funding sources** needed to develop specific business opportunities.
- **Accompanying of SMEs** in the different stages of development of their tech-based business opportunities.
- **Training in technology transfer, entrepreneurship and tech-based business.**
- **Organisation of events** (Argentina, Brazil, Chile, Colombia, Costa Rica, Mexico and Peru) and technical missions (Belgium, Croatia, Finland, Netherlands, Poland and Spain) with a focus on **technology transfer and generating business opportunities between EU and LAC.**

---

**A Network where every event generates opportunities.**

**An engine that drives co-generation of tech-based business opportunities between EU and LAC.**
